WHAT YOU NEED TO KNOW ABOUT LABOR'S WORKPLACE RELATIONS AGENDA AND TRANSITION BILL

OUTLINE

The Rudd Labor Government will make significant legislative changes to effect its plan for a new workplace relations system. As a first step the Labor Government is introducing a Transition Bill that will govern the implementation of Labor's workplace policy, including transitional arrangements for individual employment agreements.

Join Blake Dawson for a panel discussion to be hosted shortly after the Transition Bill is tabled. During the session we will consider the main issues that arise from the Transition Bill and the impact of the intended workplace laws that employers need to consider, including:

- workplace relations and people strategies
- existing industrial instruments and workplace agreements
- new workplace agreements
- implementing workplace change programs and restructuring.
