### **RAILWAYS**

RailCorp's Port Botany terminal will maintain its regular hours of operations during the period of World Youth Day.

There will be a significant increase in the level of passenger rail operations on the metropolitan rail network. This will result in retimetabling of some freight services operating on the passenger network during the period 10 to 22 July 2008.

The need for *on time presentation* and to ensure *high levels of operational reliability* of freight services will be the major focus for all rail operators during the period. Additional train paths for freight operations will not be available at short notice during this period.

The terminal manager at Port Botany can be contacted on 02 9563 7094.
