### **Live Animal (AVI) Shipments to London**

Effective 03 March 09, QF031 (Sydney/Singapore/London) will be operated by A380 aircraft on days 2, 5 and 6.

The following restrictions will apply to live animal or AVI shipments where the flight is operated by this aircraft type.

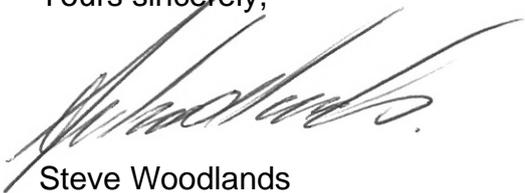

- Maximum cage height not to exceed 600mm
- Maximum cage width not to exceed 1000mm

The A380 aircraft is also restricted to carrying a maximum of six live animal bookings per flight.

Animals requiring shipping containers exceeding the above dimensions will be required to travel on an alternative flight. This is also the case when the maximum number of AVI bookings has already been accepted.

Please contact Qantas Freight Sales in Australia on 1300 Freight or in New Zealand on 649 275 1019 to confirm flight and operating aircraft details prior to accepting all live animal shipments.

Yours sincerely,
