

22 June 2011

Evacuation Exercise Sydney Freight Terminal

As part of our OHS obligations we will be conducting building evacuation drills at both the main Sydney Freight Terminal and the Sydney Mail Handling Unit at the following times.

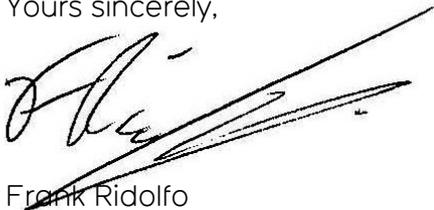

- Thursday 23rd June at approx 1140 and 1540
- Thursday 30th June at approx 1540.

The drills should take approx 20 minutes each and during this time all staff and visitors will be required to vacate the building and assemble at the designated location.

Security will remain at their station with instructions not to allow entry to the site and/or building during the drill. Unfortunately this means that there will be a minor disruption to our service during the above times.

Thank you for your understanding and co-operation while we complete this essential business test.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Frank Ridolfo", written over a horizontal line.

Frank Ridolfo
Manager Sydney Freight Terminals
