

## LATE RECEIVAL FEE SCHEDULE

Brisbane – Fisherman Islands  
Sydney – Port Botany  
Melbourne – East Swanson Dock  
Fremantle – North Quay

Patrick Terminals' Late Receival Fee will be AUD 174.03 per container plus GST effective from 1 July 2006.

This fee will apply only to unplanned unannounced late receivals, i.e. those containers not pre-advised according to existing protocols.

Patrick will not receive unplanned export receivals unless approval has been received from the Vessel Operator and confirmation is received that the fee will be accepted and paid by the Shipping Line on whose behalf the container is to be received.

This measure is designed to further tighten the disciplines that apply in relation to the overall operational imperatives which we all work under viz., tight cut-off protocols, enhanced vessel planning requirements/functions and the critical need for the Lines to maintain schedule integrity.

Price will be subject to periodic review.

Patrick's Standard Conditions of Contract apply.
